My Life in Milton Keynes

Written by Lauren Spencer, Year 7

I moved to Milton Keynes when I was 2 ½. The reason my parents moved here was to be closer to my Grandparents.

These are the things I like about Milton Keynes

I like that on my estate there is a park with a wooden ship on it and also beside it there is an exercise park that can be used by all ages, even adults. This is just around the corner from where I live.

I like that the Xscape and the city centre are really close to where I live, just a five minute walk away. Everything is within walking distance, even school.

However, there are some things that I don't like

I don't like people thinking it's alright to drop litter outside. It is really bad for the environment. I also don't like seeing graffiti on walls, shop shutters and bus stops. This is just pointless.

From my findings I've realised that Milton Keynes is a great city because of its history and how people have created weird but wonderful things.

Litter and graffiti near where I live
