The Market Trader's Tale

"I sell fruit and veg, on the stall at the entrance opposite BHS. Have done for 12 years. I drive down from Leicester every day – takes me about an hour.

Central Milton Keynes is very clean. It's a good market and it's always full. Everybody gets on brilliantly. I've had some good times here, you know. I like the people here. The customers are nice... but I don't like doing the rubbish, getting up early in the morning and when it rains."
