## The Restaurant Manager's Tale

*"I live in Northampton but work in CMK.*

*I take pride in great customer service and take it to heart if someone doesn't have a good time but 99.9% of the time you can put it right.*

*Once you open those doors for service you don't know who is going to come through the door, who you are going to serve. We had Jude Law in a few weeks ago!*

*My first memory of CMK was when I did the shopping before my holiday-of-a-lifetime to Jamaica with my two daughters.*

*I love Christmas in CMK – all the carousels and the decorations and everything in there. It just makes you feel wonderful."*
