

Love the great outdoors? Our city has more than its fair share of wide open spaces. Around 20% of Milton Keynes is green space and we have more than 4,500 acres of parkland, lakes and rivers as well as over 20 million trees.

Willen Lake has 180 beautiful acres of parkland and lakes where you can walk, cycle, sail, windsurf or simply do nothing at all. The ancient woods of Shenley, Howe Park and Linford are filled with flowers, wildlife and peaceful walks.

Milton Keynes.
When you know it, you love it.
