

My first contact:

'You've got an instant community'

The Greenleys Football Team, 1975-76 season

'The first thing we got through our door was a card asking us if we wanted to be involved with the Community Centre at Greenleys – you know, meet the rest of the residents.

They'd formed a football team – was I interested in being involved?

Well, I just joined the club and you've got an instant community – brilliant.

I'm still friends with 90% of those people now.

And Greenleys were the best team in Milton Keynes for twenty years.'

John Staniland
