## The Cleaner's Tale

*"I came to MK on a working holiday as a canoe-instructor and I just ended up staying down here. I like Milton Keynes.*

*I am a screen-writer in my spare time and my job helps me observe people, it's good for building characters. The centre's a great place for that, you know.*

*CMK is so peaceful when it is closed. After you've had a mad rush, loads of people on a Saturday, suddenly it's so quiet and calm you could hear a pin drop and it's quite nice actually after a really busy day."*
