Tours, Trails and Trailblazers

## Passionate About Parks!

The Parks Trust, a unique and independent charity, cares for the parks and green spaces in Milton Keynes.

It manages and protects 20% of the city's land: 4,500 acres of river valleys, woodlands, farmland, lakes, ponds, parks, pony paddocks and grid-road landscaping.

*'Our vision is to create inspirational new landscapes for everyone to cherish and enjoy, while continuing to maintain those that we already have to the highest standards...'*

*...where wildlife can flourish*

*...and people can enjoy great outdoor space.'*

### Bringing Parks To Life...

Among its many activities, the Parks Trust organises trails and tours in and around Milton Keynes – such as:

- **Easy Riders** – riding around the lakes of Milton Keynes
- **Pushchairs in the Park** – a trail of cuddly toys with arts and crafts activities on the way.
- **Women's Walking Network** – getting to know the city's parks and meeting new friends
- **Wildflower Walk** – wandering through summer wildflowers
- **Junior Rangers** – rambles with pond-dipping, bug-hunting and adventure

In 2007, Milton Keynes was named the regional **Best Large City** by the Royal Horticultural Society. The entry received special praise for **Campbell Park, the Hanson Centre and the work of Volunteers in Newport Pagnell and Willen Lake.**
