The Performer's Tale

"I have lived in Milton Keynes all my life. I work as a part-time arts administrator for Arts Gateway MK, that's my day job but I am also a singer/songwriter.

I have a residency at The Living Room in the Hub a couple of times a month. The music I perform is Soul/Funk; I gig all over the country either on my own or

with the bands Soul Selecta and Sweet Felicity Arkwright.

I am currently developing my solo career and my new CD will be available in the near future."
