

The Open
University

Milton Keynes – one day – one vision!

We are cramming into one day a festival of all that is remarkable about The Open University. You are on the guest list.

As we celebrate 40 years inspiring learning we show off the remarkable achievements of students and showcase the developments that will take us to the half-century milestone.

Join us to take on other visitors in a fast-paced fun quiz contest. This quick-fire contest uses TV game-show technologies to discover the most knowledgeable about the biggest university in the UK.

Participate too in “Trial by Jury” – one of nine knowledge zones – as we reveal the facts behind the UK law courts. Test out your powers of observation as you describe a felon from a fleeting glimpse.

Or how about taking the i-trail – a treasure hunt with a twist?

Watch out too for the Open Universe, Planet OU, digital and conceptual zones and the chance to devolve yourself to your ape ancestry.

With our garden fayre and refreshments of all sorts there is plenty to do for those aged 4 to 94.

You can pre-register on line in May at www.open.ac.uk/platform/campus/40th_anniversary
