## Deanshanger: The Playing Fields

*The County Cricket team entertained the village many times*

The Deanshanger Playing Field Association was set up to establish a sport and leisure facility for and on behalf of the people of Deanshanger.

In 1952 the Minister of Education awarded a 60% grant towards the layout costs and purchase of land for the fields off Folly Road, the rest to be met by public funds. Weekly contributions were collected from villagers and many other fund-raising activities were organised to achieve the target.
